

We are breaking the cycle of poverty by preparing kids to excel in today's workforce.

Who We Are

Think Big for Kids is a national non-profit dedicated to breaking the cycle of poverty by helping middle and high school students discover their potential and prepare for a fulfilling career in today's workforce. Our unique "Three Pillars" program introduces kids to career paths across diverse industries, connects them with mentors to develop a career plan, and partners with companies to provide job readiness training, internships, scholarships and work placement. We continue to serve students as they transition to on-the-job training, technical programs or college to pursue their career goals.

The Think Big for Kids program is focused on three important pillars:

- Career Exploration
- Mentorship
- Job Readiness and Placement

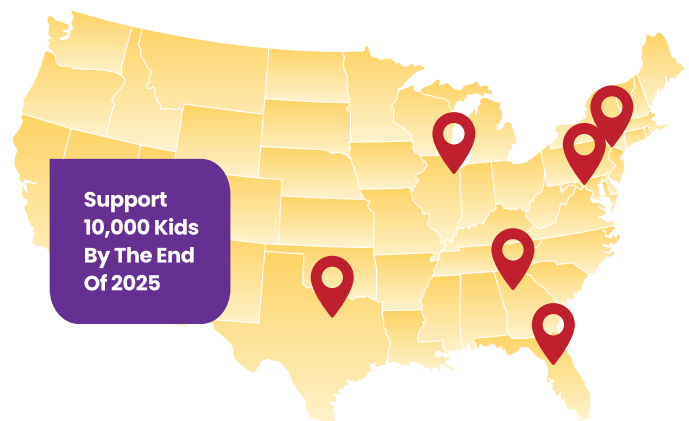

We Are Thinking Bigger

Originally founded in Tampa Bay by tech executive and entrepreneur Tony DiBenedetto, Think Big has since expanded to Atlanta, Chicago, Dallas, New Jersey and Greater Washington. We have served 7,000 kids since 2016, and our goal is to serve 10,000 kids by 2025.

Your Donation Will Make an Impact

Our program is built to provide education and opportunities to kids who do not have access to these resources. Your tax-deductible donation will allow us to:

- Expand our reach to serve more kids
- Develop additional career pathways through job readiness programs
- Expand program resources for students & graduates
- Implement new technologies for better student support
- Arrange transportation for kids
- Purchase supplies for students, volunteers, & mentors
- Provide and fund internship programs
- Support new and existing scholarships
